

## **How are parents of our pupils with Special Educational Needs and/or Disabilities involved?**

Gilbertstone Primary School have an open-door policy, and we are always available for parents to contribute to their child's education.

- Our website has lots of information about our curriculum and the support children can get. In addition to this website information, we offer our parents:
- Regular meetings with the SENDCO or Inclusion Manager
- A parent's night where children's additional needs can be discussed.
- Parents are invited to reviews of provision where appropriate.
- We signpost to parent groups and other services.
